Machines and Highlights

During our anniversary year, you can look forward to an exciting exhibition with several innovations!

We will present up-to-date technology and solutions for the machining of various materials (carbide, graphite, CFRP, etc.), together with well-known partners from the areas of metal-cutting, clamping technology, measuring technology, CAD-CAM/CNC programming and automation.

In addition to several highlights, such as «coordinate grinding on a milling center», we are pleased to present you with the premiere of our newest development – the **FEHLMANN VERSA 945**. You can be among the first to see this new machine.

The various themes of our exhibition will be as follows:

- **New products and trends for demanding machining processes in the areas of precision part production and tool and mould construction**
- **Interesting automation solutions for more flexibility and efficiency for single-part and series production**
- **Solutions and inspirational ideas for up-to-date, practical vocational training**

Fill in the registration form on the back and email it to us at mail@fehlmann.com

Specialized presentations

Please note that the following specialized presentations will be held in German:

Introduction of new FEHLMANN VERSA 945 – development of the large VERSA for workpieces with swing circle up to Ø 650 mm

Modular 6-axis robot system for parts handling on FEHLMANN machines

Milling of carbide on FEHLMANN PICOMAX 75

Program

Wednesday, 28.10.2020	Thursday, 29.10.2020	Friday, 30.10.2020	Saturday, 31.10.2020
starting 9.00 ■ Welcome / start of exhibition in FEHLMANN Technology Center coffee & croissant ■ Visit exhibition at your leisure – see all machines in action			
10.15 Specialized presentation 1 in auditorium, basement (in German)			
11.00 Speech by CEO, Frank Fehlmann, at entrance to HPS for inauguration of new FEHLMANN High Precision Showroom (HPS)			
11.10 Presentation of new FEHLMANN VERSA 945 in HPS			
starting 12.00 Anniversary lunch			
13.30 Specialized presentation 2 in auditorium, basement (in German)			
14.00 Specialized presentation 3 in auditorium, basement (in German)			
following ■ Demonstration of carbide machining on FEHLMANN PICOMAX 75 ■ Visit exhibition at your leisure – see all machines in action			
15.00 Meet in front of FEHLMANN Technology Center for guided factory tour			
approx. 17.00 End of exhibition			

Co-exhibitors and partners

Sign up for 90-year Anniversary In-House Exhibition 2020

We look forward to your visit! Please sign up with the form below and mail it to mail@fehlmann.com

I/we will visit this exhibition:

Wednesday, 28.10.2020

morning presentations lunch afternoon

Thursday, 29.10.2020

morning presentations lunch afternoon

Friday, 30.10.2020

morning presentations lunch afternoon

Saturday, 31.10.2020

morning presentations lunch afternoon

I would like an individual consultation on the following subject:

Unfortunately, I will not be able to attend the exhibition.
 I am interested in receiving more information about the following
 subject/product:

Please sign up each visitor separately:
