on next page

You are cordially invited to the in-house exhibition 2025 at Fehlmann AG in Seon

On Thursday, October 30, 2025 and Friday, October 31, 2025, you can expect exciting insights into the world of precision machining at Fehlmann AG in Seon - with innovative new developments, live demonstrations and exciting technical presentations.

Obtain first-hand information about innovative solutions in machining production, developments and prospects in the industry, as well as practical vocational training.

Experience our diverse product range on site - from conventional and/or CNC milling machines to our latest 5-axis CNC machine PICOMAX 550 / 550 PRO and high-performance machining centers with and without automation.

A special highlight will be the inauguration of our new "assembly hall and engineering" building. Gain exclusive insights into the new premises!

Be there and meet our sales and demonstration team in person.

We look forward to meeting you!

Register now - details on the back.

Best regards and see you soon,  
Your FEHLMANN-Team

### A special moment

After 46 years of dedicated service to FEHLMANN, Jürg Solenthaler is taking his well-deserved retirement. He will continue to support us with his experience and expertise until the end of 2025.

With great enthusiasm for our products, Jürg has played a decisive role in shaping the FEHLMANN in-house exhibitions over many years.

We would like to thank him warmly for his many years of service - and look forward to celebrating this special milestone together with you.
